WATER RECREATION RULE REVISION UPDATE

The WA State DOH is considering amending the water recreation rules to adopt the CDC's MAHC standards. The hope is that adopting current best practices and industry wide standards will improve public health and safety. A technical advisory committee (TAC) began monthly meetings in July and includes representation from our WRPA Aquatics Network.

More information about the rule revision process, TAC meetings, and newsletters can be found [here](#).

RED CROSS CORNER

The ARC lifeguarding program update has been pushed back to February 2024 to allow for additional improvements to the LGI course/review, as well as to the academy programs.

Contact Tatyana Kiselyov with any questions: tatyana.kiselyov@redcross.org or 206-491-9390
